BOAT SALES

LAKELAND LEISURE ESTATES

Description

Charnwood is a timeless and well-appointed 67ft cruiser stern narrowboat, constructed by the renowned Graham Reeves. This vessel has been lovingly maintained and enhanced with a complete exterior repaint in 2024, giving it a fresh, vibrant look while preserving its classic charm. Its traditional layout is both practical and spacious, offering the ideal setup for extended cruising or living aboard. Powered by a reliable 40hp Isuzu engine (last serviced in February 2024), this narrowboat combines dependable performance with stylish comfort.

With a Boat Safety Certificate valid until 2027, blacking carried out in 2022, and a comprehensive survey completed in December 2023, Charnwood is cruise-ready and sure to impress.

Located at the stern, this versatile space features two single beds. Currently used as a walkthrough wardrobe, it offers flexibility to suit your needs, whether as sleeping quarters, additional storage, or a dressing area.

Conveniently positioned near the bedrooms, this room includes a pump-out toilet, a sink, and a vanity unit, offering privacy and functionality.

The master bedroom is a serene and thoughtfully designed space. It features a double bed with under-bed storage, providing ample room for stowing belongings. A handy shelf with a hanging rail keeps clothing and accessories organised, while newly installed panelling gives the room a fresh, updated look. This peaceful retreat is a haven for restful nights after a day of exploring the waterways.

This spacious bathroom is equipped with a luxurious hip bath and an overhead shower, perfect for relaxing after a long day on the water. A second pump-out toilet, sink, and vanity complete the facilities, ensuring maximum comfort and convenience.

The Pullman-style dinette provides a comfortable space for dining or relaxing. Its design maximizes seating and storage, making it a practical and stylish centrepiece of the boat.

The galley is a beautifully crafted and efficient space, perfect for preparing meals while cruising. It features elegant rosewood worktops that add warmth and character to the design. A modern three-burner gas hob, eyeliner gas oven, and grill provide versatility for cooking, while the microwave offers added convenience. The under-counter cupboards provide ample storage for kitchen essentials, and the 12v fridge keeps your perishables fresh. With a seamless blend of modern amenities and traditional charm, this galley is both functional and inviting.

The lounge is a cosy and welcoming area, ideal for relaxing or entertaining. At its heart is a multi-fuel stove that creates a warm and inviting ambiance, perfect for chilly evenings on the water. A two-seater sofa offers a comfortable spot to unwind, while double doors open onto the bow, allowing for a seamless connection to the outdoors. The lounge is designed for comfort and style, making it the perfect retreat for reading, enjoying a cup of tea, or taking in the view.

Charnwood's exterior is as impressive as its interior. The full repaint in 2024 gives it a striking and fresh appearance, while its 67ft cruiser stern design offers ample space for outdoor enjoyment. Powered by a 40hp Isuzu engine, it ensures smooth and reliable cruising. With Webasto central heating, a multi-fuel stove, and a sturdy build by Graham Reeves, Charnwood is a narrowboat designed for comfort, durability, and style on the water.
