Description

Step into a world where elegance meets tranquillity on There and Back Again, a beautifully crafted 60ft Hertford Widebeam by Elton Moss, built in 2017. This stunning vessel, with its expansive 12ft width, offers a luxurious living experience on the water, perfect for those who appreciate the finer things in life while seeking adventure along the waterways. With two generously sized bedrooms and bathrooms, this widebeam can comfortably accommodate four people, making it ideal for both long-term living and weekend getaways.

The heart of the boat is its meticulously designed galley, where functionality and style unite. As you enter, you are greeted by the warmth of oak finishes that create a cosy yet sophisticated atmosphere. The stainless steel sink and drainer reflect the attention to detail found throughout the boat, ensuring that every meal preparation feels like a special occasion. The galley is equipped with a Shoreline fridge and freezer to keep your provisions fresh, while the Thetford free-standing cooker and hob invite you to whip up delicious meals as you glide through picturesque landscapes. Whether you're preparing a simple breakfast or a gourmet dinner, this kitchen has everything you need to satisfy your culinary cravings.

The open-plan lounge and kitchen area is designed with both relaxation and entertainment in mind. The breakfast bar, adorned with oak accents, offers the perfect spot for morning coffee or an evening glass of wine. The multifuel stove becomes the focal point of the room, providing warmth and ambiance during cooler nights on the water. Radiators strategically placed around the room ensure a comfortable temperature year-round. With 240v sockets throughout, staying connected or powering your devices is never an issue. The space is versatile, allowing for comfortable living and easy socializing, making it the ideal setting for intimate gatherings or peaceful solitude.

The master bedroom is a sanctuary of peace and comfort, designed to be your private retreat after a day of cruising. The double bed, framed by ample wardrobes, promises restful nights. A desk with drawers offers a dedicated workspace, perfect for those who work remotely or enjoy journaling their adventures. Above the desk, shelves provide additional storage or a place to display personal mementos. The double doors leading to the bow invite the morning light to pour in, allowing you to start your day with the serenity of nature just outside your doorstep.

The second bedroom is no less charming, offering a double bed that ensures guests or family members sleep in comfort. Built-in wardrobes and drawers provide ample storage, keeping the room tidy and clutter-free. Overhead shelving adds a touch of practicality, perfect for books, décor, or essentials. This room is thoughtfully designed to offer all the comforts of home while on the water, making it a welcoming space for anyone who stays aboard.

The bathrooms aboard There and Back Again are designed with modern conveniences and environmental considerations in mind. Each bathroom features a compost toilet, reducing your environmental footprint without compromising on comfort. The quadrant shower offers a spacious and refreshing experience, while the sink with vanity and mirror above provides a stylish space for your daily routines. The master bathroom goes a step further with an integrated washer/dryer, ensuring that laundry is a breeze, even while you're miles away from shore.

Beyond its beautiful interiors, There and Back Again is equipped with features that enhance your experience on the water. The water filtration and purification system by Water Freedom, located at the bow, ensures that you always have access to clean, pure water, adding to the boat's self-sufficiency. The roof deck is a standout feature, offering a panoramic vantage point to take in your surroundings, whether you're docked in a marina or moored along a tranquil riverbank. This space is perfect for sunbathing, alfresco dining, or simply soaking in the beauty of the great outdoors.

There and Back Again is more than just a boat; it's a lifestyle. The clean, well-thought-out layout and spacious interiors create an environment where you can live comfortably and stylishly. The wooden finishes throughout the boat add a touch of timeless elegance, creating a warm and inviting atmosphere. Whether you're seeking the adventure of continuous cruising or the serenity of a stationary home, this widebeam offers everything you need to enjoy life on the water to its fullest.
