LAKELAND LEISURE ESTATES

Elnar - Cruiser Stern

Price: £45,000

Key Features

Berths:	6
Length & Type:	57ft Narrowboat
Year:	2004

Description

Step aboard Elnar, a 57ft cruiser stern narrowboat that blends practicality and comfort, offering a warm and inviting space for those seeking adventure or tranquil living on the water. The boat's striking exterior, painted in a crisp combination of pebble grey and red, exudes character and charm. It's not just about appearances, though – inside, the clever use of space makes this vessel a perfect floating home.

The galley is thoughtfully designed for efficiency, featuring a Vanette GG 7000 4-ring gas hob and matching oven. The stainless steel sink and drainer ensure easy clean-up, while the Shoreline fridge keeps your provisions cool and fresh. With ample storage including three cupboards, a 3-drawer unit, and a larder, everything you need is within arm's reach, making meal preparation on board a breeze. Whether you're brewing a morning coffee or preparing a hearty dinner, this galley has everything to support your culinary adventures.

In the cosy lounge, you'll find a welcoming space to unwind after a day of cruising. Equipped with a Ferguson television and a Trust soundbar, the lounge offers entertainment options for movie nights or relaxing with your favourite shows. The natural light that streams through the windows during the day creates a bright and inviting atmosphere, perfect for reading, relaxing, or socializing with guests.

One of Elnar's most versatile features is its dinette area, designed for both dining and sleeping. The seating arrangement comfortably accommodates up to six people, with a fold-down seat on one side to provide flexibility. When needed, the dinette converts into a double bed, ideal for overnight guests or additional sleeping space. There's also a router connection point, allowing for easy setup of a mobile internet connection with an external aerial (SIM card required) – keeping you connected even while you drift off the grid.

The second bedroom provides adaptable sleeping options, with the ability to switch between a double bed or two single beds to suit your needs. Storage is abundant, with a wardrobe, cupboards, and an overhead shelf providing plenty of space for your belongings. Two reading lights, perfectly positioned above the bed, create a cosy ambiance, allowing you to enjoy some quiet moments before sleep.

In the master bedroom, the full-sized double bed promises restful nights on the water. The under-bed storage makes excellent use of space, ensuring you have room for essentials without cluttering the living area. Like the second bedroom, the master offers plenty of storage with a wardrobe, additional cupboards, and an overhead shelf, all complemented by two reading lights to provide soft, soothing lighting.

The bathroom is well-equipped for both function and relaxation, featuring a hip bath with an overhead shower, offering the option for a quick rinse or a leisurely soak. A drop-through pump-out toilet and a wash hand basin with storage beneath make this space practical and tidy. The addition of a radiator ensures warmth, adding to the bathroom's comfort and usability even in cooler weather.

Elnar's thoughtful design and comfortable amenities create a perfect environment for life on the water, with every detail carefully considered to ensure your experience is as enjoyable and relaxing as possible. Whether you're cruising scenic canals or moored in a peaceful marina, Elnar is a welcoming home that effortlessly balances style, function, and comfort.
