Lady Charlotte II - Cruiser

Price: £10,000

Key Features

Berths:	4
Length & Type:	26ft Cruiser
Year:	Circa 1970

Description

Introducing Lady Charlotte II, a charming 26ft cruiser built circa 1970 by Sea Master. She presents a unique opportunity for those looking to embark on the tranquil lifestyle of canal and river cruising or seeking a cosy floating retreat.

Lady Charlotte II is thoughtfully designed to maximise space and comfort within her compact frame. The layout flows seamlessly from a welcoming saloon, through a practical galley, a convenient bathroom and a peaceful bedroom.

At the heart of this vessel is a reliable BMC 1500 engine, providing the power needed for smooth cruising along the waterways. Additionally, Lady Charlotte II comes with a Boat Safety Certificate valid until August 2025.

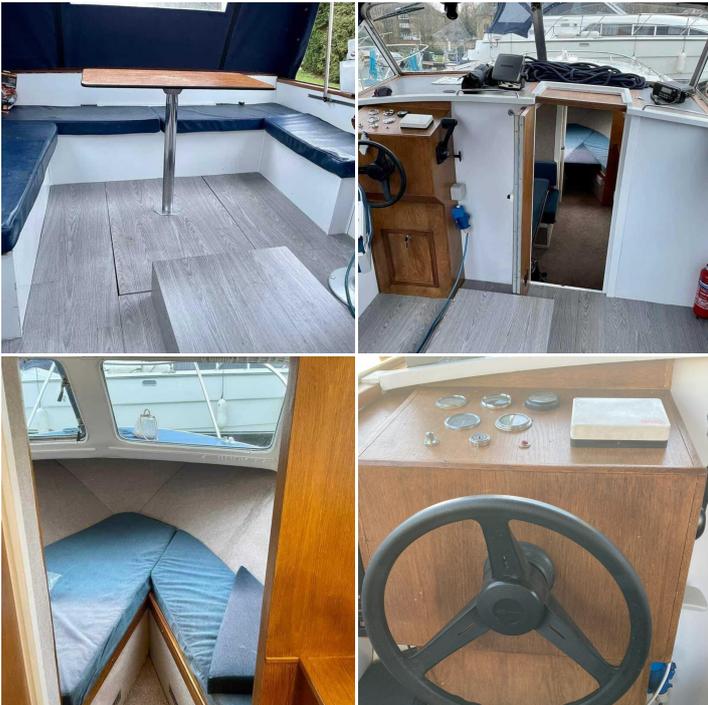

The last survey conducted in May 2020 attests to the boat's well maintained condition, further highlighted by her practical external pram covers, which offer protection and additional outdoor space. Inside, the cabin height is a cosy 5'4", creating an intimate atmosphere that is both warm and welcoming.

The galley is equipped with a 2 burner gas hob, an under-counter oven and oak wood-style kitchen units with worktops, alongside a stainless steel sink, offering a homely and functional cooking space.

The bedroom is a haven of rest, featuring a fixed double bed that cleverly converts into two singles, providing flexibility according to your needs. The bathroom houses a cassette toilet and shower, ensuring that all the comforts of home are available on the water.

The saloon is the heart of social activity aboard Lady Charlotte II, with an L-shaped dinette that not only serves as a dining and lounging area but also converts into a double bed, complete with storage solutions.

Lady Charlotte II is a gateway to a lifestyle of adventure, relaxation and simplicity. Whether you're an experienced boater or new to the waterways, this vessel offers an affordable entry into the boating community, promising countless memories and experiences on Britain's beautiful canals and rivers.
