Meeru - Cruiser Stern Widebeam

Price: £110,000

Key Features

Berths:	3
Length & Type:	60ft x 12ft 6" Widebeam
Year:	2014

Description

Step aboard Meeru, a stunning 60ft x 12'6ft wide beam cruiser stern, offering a unique blend of luxury and spacious living on the water. Crafted by the renowned Colecraft in 2014, this vessel is designed to provide both comfort and style, making it an ideal choice for a liveaboard or a weekend retreat. With a thoughtful layout and exceptional fit-out, Meeru promises a serene and cosy living experience.

As you enter the galley, you'll be welcomed by modern conveniences that make life on board effortless. The galley is well-equipped with a washing machine, Bosch dishwasher, four-burner cooker, and a fridge/freezer, allowing for easy meal preparation and everyday chores. Ample storage cupboards and an L-shaped seating area complete the space, offering both practicality and a charming dining spot for shared meals and conversations.

Moving into the saloon, you'll find an inviting lounge with an L-shaped cushioned sofa, perfect for relaxing after a long day. The room also boasts built-in storage and a TV for entertainment, while the Little Wenlock stove radiates warmth, creating a cosy and homely ambiance. This light-filled open-plan area offers a spacious feel, making it ideal for both relaxing and entertaining guests.

Meeru's two bedrooms provide flexibility and comfort. The second bedroom features a single bed with storage beneath, ideal for a guest room or even as a work-from-home office. The master bedroom offers ample space with a double bed and two large wardrobes, and its double doors lead to the bow, allowing for fresh air and beautiful views. This room is a peaceful haven to retreat to at the end of the day.

The bathroom is fitted with a full-size shower, a sleek countertop wash basin, and plenty of storage cupboards for your essentials. The cassette toilet is another practical feature, making day-to-day life onboard a breeze.

In addition to its charming interiors, Meeru comes with extra features that enhance its functionality and eco-friendliness. Solar panels provide energy efficiency, while cabin care blinds ensure privacy. The hydraulic steering system with a manual override valve gives you full control as you navigate the waterways.

Though Meeru is mostly in excellent condition, it does bear a unique mark of adventure—a small dent in the roof caused by a meteorite impact. Additionally, the stove may need replacing in the near future. However, these minor issues don't take away from the boat's overall allure.

Moored at the picturesque Shakespeare Marina, just 10 minutes from the historic town centre, Meeru is more than just a boat—it's a floating home. Whether you're looking for a luxurious liveaboard or a spacious weekend escape, Meeru offers the perfect balance of style, comfort, and adventure.
